

June 7, 1933

Attention: Mr. Edward Massey

Industrial Commission of Arizona

Phoenix, Arizona

Gentlemen:

Under date of May 22nd, 1933, you asked my opinion as to whether or not Chapter 12, Session Laws of 1933, requires the State and its political subdivisions to pay all employees thereof performing manual or mechanical labor for the State or any political subdivision not less than the minimum per diem wages, as fixed by the State Highway Commission for manual or mechanical labor.

I advise you that it is my opinion that Chapter 12 does require the State and the different political subdivisions thereof to pay its employees performing manual or mechanical labor not less than the per diem wage, as fixed by the State Highway Commission.

Very truly yours,

Attorney General.
